Create your very own supermodel with Super Slims

Enhance your brand through:

Visual differentiation

Smoking experience

Consumer taste

Performance differentiation

Filtrona, the leading independent supplier of special cigarette filters, have added to their innovative line up of filters with nine new Super Slim models.

This range will extend the possibilities of making your brand stand out from the crowd. With these new filters, you can add carbon for improved filtration performance, or add flavours or a recessed end appearance for real differentiation, all within the Super Slim configuration. You can even use a dual or triple segment filter for a truly innovative solution.

And, as Filtrona can work jointly with you to develop unique filters for your brand, you really can make your very own Super Slim supermodel.
